#### Product Description

High quality PPR Plastic Fitting Bridge Cross is offered by China manufacturers Besta. Buy PPR Plastic Fitting Bridge Cross which is of high quality directly with low price. Ningbo Ouding Building Material Technology Co Ltd was established in 2010, at the beginning, just a mould factory to make pipe fittings mould for export and did some international trade, in 2013, started PPR pipe and fittings production, till now we have more than 200sets moulds to produce full range ppr pipe fittings, ball valves, and some other pipe fittings. We still have our own mould factory, design products and make OEM products for customer. Besta brand PPR fitting adopts imported raw material RA140E or R200P, and well sell in Africa, Middle east, South America, Asia etc market. PPR bridge cross is a new product, the function similar like using two short bend, it's more easier to use and cost is lower.
